LOAD OR FRAC OIL TAX EXCLUSION

- A. Recovery of taxes for load or frac oil must begin with the month of injection. Load or frac exclusion must be taken on the injection month's tax report and succeeding month's reports, if necessary, until recovery is completed. Completed affidavits accompany all load or frac oil exclusions taken on current tax reports.
- B. Tax overpayment, caused by a failure to take load or frac exclusion in the injection and recovery months, can be recovered by filing a claim for refund. Amended report(s) for the injection month and subsequent recovery months, original tax statements for the month(s) involved, along with this completed affidavit must be submitted by the taxpayer.

LOAD OR FRAC OIL TAX EXCLUSION

A tax exclusion will be allowed on the price paid for the load or frac oil or the FEA price certified for the lease where recovery whichever is lesser.

INSTRUCTIONS FOR FORM 317

Sections (1) through (4) to be completed by operator.

- SECTION (1) The information requested in this section refers to the well which the load or frac oil was injected.
- SECTION (2) The information requested in this section refers to the lease or other source from which the load or frac oil was obtained. If the lease from which the load or frac oil was obtained cannot be identified, please attach an invoice, bill of sale, or check substantiating the load or frac oil volume and value.
- SECTION (3) This section requires the operator to show tax payment for the load or frac oil, identify the taxpaying company and production figures containing the load or frac oil as originally reported to the O.T.C.
- SECTION (4) The operator must sign and notarize the affidavit.

Sections (5) and (6) to be completed by taxpayer.

- SECTION (5) The taxpayer should show the total volume and value of load or frac oil injected, the amount recovered, and the amount remaining to be recovered.
- SECTION (6) The taxpayer must sign and have notarized the information provided in Sections (5) and (6).
